8.8 If Item 8.7 is less than 2 quarters, please provide answers to the following questions:

1. Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?

Answer: The Company expects to have lower levels of net operating cashflows in the second quarter as it anticipates being able to defer some of its current operational expenditure and has taken measures to reduce/defer its Project development spending without compromising its activities.

2. Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?

Answer: The company continues to engage in a dialogue with the investment community regarding its ongoing activities and has confidence that, should the Board form a view that the timing is appropriate, a capital raising would be supported.

The company also has the option to raise further cash through the sale of currently held CNB shares (ASX: CNB) which are freely tradeable and have a current value of \$ 569,712 (24/4/20).

3. Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?

Answer: The entity expects to continue its operations and meet its business objectives consistent with its comments and responses to question 2. above.
