#### NOOSA BOUND

MINING types will be making a beeline for the Sunshine Coast next month for the next instalment of the Noosa Mining Conference.

The theme of the conference to be held at Peppers Resort on November 10-12 is “unearthed”, with some of the state’s top executives in the gold, energy and battery metals sectors set to make an appearance. They include **Nick Jorss**, of Bowen Coking Coal, Lake Resources’ **Steve Promnitz**, Diatrema Resources’ **Neil McIntrye** and Metallica Minerals boss **Theo Psaros**.

The now infamous drinks session on the second day of the conference, sponsored by richlister **Steve Bizzell’s** Bizzell Capital Partners, will no doubt result in some sore heads the next morning for the final day.
